POLICYHOLDER TO COMPLETE

H - Medical Reports Declaration and Authority

# In order to help you understand the process after you have submitted your claim, we have provided some frequently asked questions and answers that you may find useful:

# Where do I find my policy number?

This will depend upon the type of policy you hold but in most cases your policy number will appear on any letters we have previously sent you. However, if you no longer have any of these letters your policy number should be found in the fulfilment documents you received when you first took your policy out. If you are unable to locate these then please ensure you provide all other requested information regarding your policy to allow us to locate it.

Should your policy relate to Credit Card cover please DO NOT provide your credit card number as the policy number.

## Why do you need my mobile number?

We want to make your claiming experience as easy as possible therefore, if you do have a successful claim and you have provided your mobile number, we will send you a text confirming payment.

# Is it important to check the information provided by any third parties who complete my claim form?

Yes, it is vitally important that you check the information on your claim form provided by third parties e.g. your doctor or your employer, as these details will be used when we assess your claim. Any inaccuracies may result in your claim being declined unnecessarily and although you do have the right to appeal any decisions we make through our appeals procedures this will inevitably delay your claim.

## How long will I have to wait for a reply after I have returned my claim form?

If we hold your policy on our system, we aim to action a fully completed claim form within Three days of receipt. If all the information has been provided we will write to inform you of our decision.

If we are unable to make a decision based on the information supplied, we will send you a written request for any further information required, or advise you of whom we have needed to contact to proceed. Either way, you should hear from us within 10 working days of submitting your claim.

# Why would it be necessary to request further information, if I have already sent you a fully completed claim form?

Sometimes we need to obtain more specific information that was not detailed on the claim form, below is an example of when it would be necessary to write for further information:

- Important information is missing e.g. your doctor completes the claim form and states that you have had previous treatment for your condition, although we do ask for exact dates on the claim form your doctor has failed to provide specific dates. In this case we would need to write to your doctor.
- Your employers have not stamped their section of the form and we need to verify the information they have provided.
- If we require a more detailed explanation of a point contained on the original claim form.

If we do need further information we will let you know what information is required as soon as possible to minimise the delay in processing your claim. If the information we have requested is not immediately forthcoming, we will continue to chase for a response on a regular basis and keep you fully informed on our progress.

## Is it important that my employers stamp the claim form with their official company stamp?

Yes. Please ensure your employer stamps their section of the claim form, if they do not have a stamp, they must attach a signed compliment slip. Without this evidence, we will need to write to your employer to validate your claim.

## If my claim is accepted, when will I receive my first payment?

You will be notified when your claim has been accepted and we will confirm the date your first benefit is due to be paid. Some policies have an initial wait period during which you will not be paid any benefit, if this is the case, we will advise you accordingly.

The duration of this wait period will depend on your policy and will be noted in your policy schedule/document, but see the example provided below for further clarification.

# SICKNESS

# Continued IIII

# Here is an example of a typical payment schedule:

- A claim occurs on the 01/06/17 (this will be the date you last worked or the date your doctor signed you unfit to work)
- The initial wait period is 30 days 02/06/17 01/07/17
- The first payment will cover the period 02/07/17 31/07/17
- The first payment of benefit will be due on or after the 31/07/17, as payments are made in arrears

# Where will the benefit payments be sent?

Claim payments may be paid to you or directly to an Agent or Finance Company and this will vary depending on your policy terms and conditions. Generally if you have a finance agreement the payment will usually be paid to the Finance Company. However, please refer to your policy terms and conditions which will explain who the payments are made to for clarification.

# What is the maximum period I can claim?

Most policies specify a maximum number of 12 payments that can be made for any one claim although this can vary, you will need to check your policy document/schedule for details.

# Is it possible that my claim will not be accepted?

Yes, it is possible. You will need to refer to your policy documentation to check if any exclusions apply to you, but an example of a common exclusion for sickness is "pre-existing medical conditions". This is where treatment has been received before the policy start date.

# Do I have to keep paying my premium while I am claiming?

Yes, this is common to most types of insurance, although some policies do include the premium in the claim payments. Please refer to your policy document for information regarding the ongoing payment of premiums.

# What do I do when I am fit to return to work?

Please notify us as soon as you are signed fit to work by your doctor and we will confirm whether any payments are due. If payment is due, we will need you to send us a copy of your fit note for your final payment to be considered.

# How long before payment is made?

Once received, and providing the form is fully completed, we aim to make payment on your claim within three working days. If you have provided your mobile number, we will text you once the payment has been released. Please be aware that payments may take up to five days to reach your account.
